

UNIVERSITY OF CALIFORNIA, RIVERSIDE

Student Learning Outcomes for the B.A. in Liberal Studies

Students completing the B.A. in Liberal Studies will be able to:

For all students:

1. Familiarity with a range of theories and assumptions associated with the sciences, as well as humanities and social sciences.
2. Experience with methods for assessing rational, scientific and aesthetic information.
3. Competency in expository writing beyond CHASS general education requirements.

For pre-credential students:

4. An understanding of current theories of education.
5. Evidence of preparedness to teach K-6th grade public school classes.
