

UNIVERSITY OF CALIFORNIA, RIVERSIDE

Student Learning Outcomes for the B.A. in Music

Students completing the B.A. major will be able to:

1. acquire knowledge and practical skills on traditional disciplines of musicianship, harmony and counterpoint, and understanding major developments and concepts in music history, theory and analysis.
2. develop and cultivate appreciation and understanding of the musical diversity of the world including knowledge about composers, works, periods, forms, social, political and historical processes of music.
3. develop and demonstrate competence as performers including proficiency in technical and interpretative issues and critical knowledge of the specific repertoire.
4. demonstrate skill and creativity as composers by producing original works and getting them performed.
