

# **UNIVERSITY OF CALIFORNIA, RIVERSIDE**

## **Student Learning Outcomes for the B.A. in Art History**

Art History Majors will expand their knowledge of the history of art through a number of parallel and integrated approaches to learning, including:

1. Build knowledge of art's history, development, and relationship to culture
2. Develop the ability to perform visual analyses of artworks, architecture, and other objects
3. Build knowledge of art historical concepts, theories, and interpretive methods
4. Develop the ability to present art historical arguments in written and oral formats
5. Develop the ability to conduct research involving primary and secondary sources
